

The Wild Robot: Nature's Art Studio

Create Beautiful Crafts Inspired by the Outdoors

Unleash your creativity in nature's art studio! Just as Roz learned to appreciate the beauty of her island, you'll create art inspired by and using elements from the natural world around you.

What You'll Need

- Notebook or sketchpad
- Pencils, crayons, or watercolours
- Camera or smartphone (optional)
- Collecting bag for natural materials (remember to collect responsibly!)
- Glue, scissors, and string (for certain crafts)
- Magnifying glass (optional)

Your Artistic Mission

1. Find a inspiring natural location
2. Spend time observing the colours, textures, and patterns around you
3. Choose one or more art projects from the list (or invent your own!)
4. Create your nature-inspired masterpiece
5. Display your art and share the story behind it

Nature Art Ideas

1. **Leaf Rubbings:** Capture leaf textures with crayon rubbings
2. **Nature Mandalas:** Create circular designs using found objects
3. **Bark Texture Art:** Use crayons to capture tree bark patterns
4. **Natural Paintbrushes:** Make brushes from twigs and leaves to paint with
5. **Plant Prints:** Use leaves or flowers as natural stamps
6. **Nature Weaving:** Create a small loom with sticks and weave in grasses, flowers, etc.
7. **Earth Palette:** Use soil, crushed leaves, and berries as natural pigments
8. **Nature Photography:** Capture interesting patterns, colours, and scenes

Roz's Art Journal

After creating your nature art, reflect on the experience:

- What inspired your artwork?
- How did creating art change the way you looked at nature?
- How can art help us appreciate and protect the environment?

Nature First!

Remember to respect nature as you create. Only collect fallen or abundant materials and avoid disturbing living plants or animals. Leave no trace and consider creating ephemeral art that can naturally decompose.
